Cascade Drilling was founded in 1991 as a regional drilling company operating across three states in the Pacific Northwest. Today, Cascade Environmental is the leading field services provider of environmental and geotechnical drilling, site investigation, and remediation. We offer the full suite of drilling services with a versatile fleet that includes limited and restricted access equipment, as well as traditional and high resolution site characterization, and remediation technologies ranging from injection and fracturing to in situ stabilization and thermal remediation. We also offer a line of injectable amendments designed to help you reach site closure faster and cost effectively.

## Our Brands

Cascade is a field services contractor that partners with our clients to provide seamless environmental and geotechnical solutions from concept to completion. We are the only provider of integrated national field services that characterize, investigate, and remediate environmentally contaminated sites. Headquartered in Bothell, WA with 34 locations in the United States, our breadth and depth of services and expertise is unmatched in the industry.

Known in the marketplace simply as Cascade, our family of brands includes Cascade Environmental®, Cascade Drilling®, Cascade Remediation Services™, TerraTherm™, and Aquifer Drilling & Testing™. Our project teams and business development specialists work closely together to ensure our clients have access to the full suite of services and industry leading experts under one Cascade umbrella.

**Cascade Environmental®** is our primary brand and parent company. Learn about our comprehensive suite of services at [www.cascade-env.com](http://www.cascade-env.com)

---

**Cascade Drilling®** provides a full range of environmental and geotechnical drilling services. Regardless of the lithology or location, Cascade Drilling has the right equipment, experience, and specialized expertise to do the job. We offer sonic and conventional drilling technologies. Our fleet includes track and truck mounted equipment and limited access rigs for tight spaces, low overhead conditions, and over-water work allowing us to access almost any drill site.

---

**Cascade Remediation Services™** focuses on subsurface investigation and remediation applications. We help clients achieve their remediation goals by drawing on our national capacity, expertise, and optimized performance approach to support any stage of the project lifecycle.

**TerraTherm™** is a worldwide leader in the development and implementation of in situ and on-site thermal remediation of organic contaminants. We design, build, and operate projects from concept to closure, using Thermal Conduction Heating (TCH), Steam Enhanced Extraction (SEE), Electrical Resistance Heating (ERH), and combinations of the technologies above. Learn more at [www.terratherm.com](http://www.terratherm.com).

---

**Aquifer Drilling and Testing™ (ADT)** provides environmental and geotechnical drilling for a variety of applications in the greater New York City area. Our experienced drilling crews operate a diverse drilling fleet including sonic, auger, rotary, and specialty equipment.

---

## THE CASCADE FAMILY OF BRANDS

Cascade Drilling offers sonic, auger, rotary, and direct push drilling for environmental and geotechnical applications.

Cascade Remediation Services crews provide calculated injections to remediate soil and groundwater contamination.

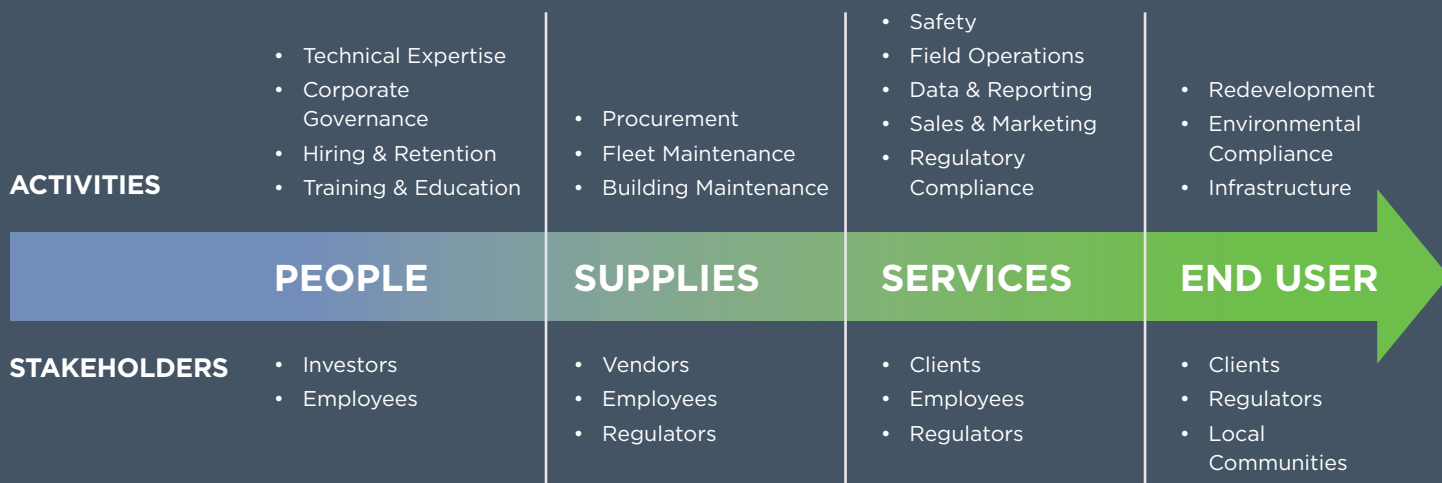

Based in Gardner, MA, TerraTherm provides thermal remediation solutions to clients around the globe.

ADT provides geotechnical and environmental drilling services to the greater New York City area.

## Our Value Chain

Cascade serves a diverse set of industries. We primarily work with consultants who hold the prime contract with the property owner or responsible party for environmental remediation or geotechnical drilling projects. Our clients include leading national environmental consulting firms, blue chip industrial companies, contractors, energy and utility providers and government agencies. We serve all branches of the US military, major defense contractors, port facilities and airports. Our personal service, attention to detail, exemplary safety record, and operational excellence result in long-term collaborative relationships with our clients.
